

# Tips for Effective Online Learning

from Delta College's eLearning Team

## 1. Communicate & Collaborate

- Communicate with your instructor regularly using your Delta email.
- Check your Delta email at least daily.
- Use Zoom to schedule study groups with your classmates (go to [Zoom.us](https://zoom.us) to set up a free account).
- Seek out/give support to your classmates.

## 2. Tips for Online Learning

- Schedule your time. Designate time during your week for classwork just as if you were going to a face-to-face class.
- Minimize distractions and avoid multitasking. Silence your phone and email while studying.
- Use the resources from Delta: [students.deltacollege.online](https://students.deltacollege.online).
- Check out this website for study skills:

## 3. You're not alone

- If you have any problems or questions about eLearning, go to [students.deltacollege.online](https://students.deltacollege.online) and click on the yellow, "Submit a Helpdesk Ticket" button.
- You can also email [elarning@delta.edu](mailto:elarning@delta.edu) and we will get back with you.
- The eLearning team looks forward to helping you with your online experience.
